BIKE

Biking around the Tysons area is a great option, not only for health benefits but for a relatively low cost. Both Tyco Road and Jones Branch Road have been deemed bike friendly and 8421 Broad is less than a mile from biking trails off Lewinsville Road. 8421 Broad also provides secure bike racks.

CARPOOL

Carpooling makes it easier than ever to leave your car at home while you save time, reduce commuting stress, and save money on gas, tolls, and vehicle wear and tear. Joining a carpool means that you can take advantage of the HOV lanes on Dulles Toll Road, ride on I-66 inside the beltway for free, and enjoy the Express Lanes on I-495, I-395, and I-95, for free, as well. Ready to give carpooling a try? Commuter Connections operates a regional database where commuters can submit their information to find potential carpool matches.

Best of all, it's free! Check out Commuter Connections online at CommuterConnections.org.

TELEWORKING

Telework is an excellent commute choice if you have the opportunity as it eliminates the need for commuting to an office. Telework saves expenses associated with driving to and from work, saves time, and reduces traffic in the region. Telework benefits include savings on fuel, tolls, vehicle maintenance, and parking, and it also reduces commute stress and provides an opportunity for flexible scheduling.

Have telework questions? Telework!VA has the resources to help you successfully participate in or manage a telework program at your company. Learn more: <http://www.teleworkva.org/ed>.
